## RANDOM REFERENCES

Horrocks Bros. are closing out all  
Ladies' Coats and Suits at Cost. 748

Discharged—Mustering out of the  
collegiate section at the S. A. T. C.  
at the University of Utah began yester-  
day and the remaining vocational  
students will be discharged at once.  
Private Ernest Wilkinson and Acting  
Corporal Lewis Butler have been dis-  
charged and have returned to their  
homes in Ogden.

Your stock of groceries is not com-  
plete without B & G Butter. 195

Goes to be Mustered Out—In order  
to be mustered out with his company,  
Leslie B. Richardson, who has been  
on a short furlough visiting his par-  
ents in this city, was ordered to re-  
turn to his camp at Fort Sheridan and  
departed Tuesday evening. He will  
return with the completion of the mus-  
tering out formalities.

Cream Puffs. Big, fresh, full of  
cream. Greenwell's Bakery. 195

Expected From Camp—M. H. Bran-  
don is expected to arrive in Ogden  
today after having been discharged  
from service at Camp Lewis.

Old papers for sale. Ogden Stand-  
ard.

Not Resigned—Herbert Hoover, United  
States Food Administrator, has  
not resigned, as has been rumored re-  
cently, but is still actively working  
in this capacity. Edgar Rich-  
ard, who has been Mr. Hoover's able  
assistant and who was one of the Bel-  
gian Relief commissioners, acted for  
Mr. Hoover while the latter was in  
Europe and this may have been the  
basis for the false rumor.

Modern Home—Chichest location,  
for sale at half its actual value. P. O.  
Box 350. Phone 610. 7432

Mazze Case—Peter Mazze, who is  
under arrest on complaint of F. E.  
O'Connor for threatening to use a gun  
on complainant with intent to harm,  
appeared before Judge Roberts this  
morning. Attorney A. G. Horn, rep-  
resenting defendant, asked that the  
case be set for hearing on Saturday  
morning at 10 o'clock.

Greiner's chili is the best. 7783

On Forest Work—Forest Supervisor  
Arentson of the Wasatch Forest, is  
in Ogden for the day going over some  
detailed work at the offices of the dis-  
trict forestry service.

Clean rags wanted at the Stand-  
ard office.

Soldier Boy III—The parents of Jim  
Baker have received a message from  
Camp Kearny that their son is serious-  
ly ill of influenza-pneumonia.

Mrs. George R. Morris of Oakland,  
Cal., will arrive tonight to attend the  
funeral of her brother, Emil Knocke,  
to be held Thursday at 2 o'clock.

Clean rags wanted at the Standard  
office.

Improving—Clarence Tite, suffering  
of pneumonia, is on the road to recov-  
ery at Camp Kearny, so a message  
from there states.

fifth street. 5132

Eastern Visitor—Charles J. Cady of  
Warren, R. I., is visiting during the  
holidays with his son, C. E. Cady, at  
Montello, Nev.

## CORPORAL PAINE VISITS BROTHER

Corporal Byron Paine, brother of  
Lyman Paine of 640 Twenty-fourth  
street, is visiting the latter at his  
home. Corporal Paine arrived yester-  
day from Camp Cody where he has  
been serving in the signal corps. On  
the conclusion of his visit to Ogden,  
he will depart for his home in Seattle.

## FORTY GUNNY SACKS OF WHISKEY ARE CAPTURED

Sheriff Peterson and Deputies Gel-  
ger, Blackburn and Brown had a hunch  
yesterday. They cranked up the old  
auto and went out into the Utah  
country to see what they could see.  
Not long after their departure from  
the place where the flag is never tak-  
en down at sunset, they espied four  
autos leading them on the road and,  
with Sherlock Holmes winks and nods,  
they concluded that the hunch was  
"some hunch." However, the longer  
they traveled the less they believed in  
that particular "hunch" and with the  
detective's despair written over each  
face, they proceeded on their home-  
ward way when, just about a quarter  
of a block past the Utah depot, they  
saw an automobile standing by a sec-  
tion house and, in a little while, their  
watchful eyes revealed the fact that  
the auto was being loaded.

They tried to catch the man, but  
hastily, coatless, waiting not upon  
artificial aids to speed, he made in the  
darkness for the big timber and was  
lost to sight.

Looking in the automobile and look-  
ing in the section house, they found  
that one hunch need not necessarily  
be a poor one because it does not lead  
to the particular goal. They came  
back to town with forty gunny sacks  
full of whiskey—one thousand quarts  
all told.

The section house has been used ev-  
idently as a storing place where Salt  
Lake dry threats repair.

The officers of the sheriff's depart-  
ment expect to make an arrest this  
afternoon.

## WILD DRIVING IS TO BE STOPPED

Frank Moyes, 17, was fined \$5 in  
Juvenile court this morning for speed-  
ing. Young Moyes was arrested by  
Traffic Officer Wm. Dick.

According to Judge Joshua Homer,  
there is a campaign being carried on  
in the city to stop the speeding of  
automobiles along the streets of Ogden.  
Particular nuisance and danger  
arises to public by the wild driv-  
ing of boys who are under age and it  
is the intention of the authorities of  
the Juvenile court to teach boys who  
operate delivery vehicles that there is  
a power of the law which reaches  
them and punishes them.

## LEGISLATION FOR SOLDIER BOYS

The department of the interior has  
prepared a brief but comprehensive  
summary of soldier-settlement legis-  
lation of other English-speaking coun-  
tries as a help to the people of this  
nation to understand and deal with one  
of the reconstruction problems which  
confront us. The laws have special  
value because in most countries they  
are the outgrowth of several years'  
experience, prior to the war, with a  
rural development under which land  
was bought, subdivided, improved and  
sold to settlers on long-time payments.  
Provision for soldier settlement re-  
quired, therefore, only the broadening  
of a system of laws and policies al-  
ready in operation.

One important feature of these laws  
is the provision for co-operation be-  
tween the federal and state authorities  
in Canada and Australia, and, gener-  
ally speaking, between the central gov-  
ernment and the local authorities.

Australia, which has an area about  
equal to the United States, has a com-  
prehensive scheme for co-operation  
between the commonwealth govern-  
ment and the several state govern-  
ments, under which the states provide  
the land and the federal government  
provides the money for reclamation,  
where this is necessary, and for  
financing the improvement and equip-  
ment for farms. Such co-operation  
makes the movement truly national  
because it enlists all sections of the  
country and mobilizes in the services  
of soldiers public agencies which have  
the practical and technical knowledge  
needed to secure the desired results  
with the least effort, money, and time.

Co-operation it is thought should be  
the outstanding feature of our legis-  
lation. If the movement is to be na-  
tional in the fullest sense, every state  
should provide opportunities for its  
sons and should contribute to the ex-  
pense and share in the direction of the  
movement. If this plan is followed,  
state legislation is as necessary as  
federal legislation and both ought to  
be enacted this winter.

## SPOT WELDER IS BUILT BY OGDEN MEN

The Automatic Controller and Man-  
ufacturing company are introducing to  
the trade a new type of spot welder  
which combines the highest efficiency  
at the lowest possible working cost  
of any similar machine on the market  
at the present time. For joining  
sheets or pieces of metal the prom-  
oters say it is the best thing yet in-  
vented, its rapidity, flexibility, clean-  
liness, neatness, accuracy and econ-  
omy being outstanding features.

At the factory situated at Five  
Points the company is not only turn-  
ing out a standard machine called The  
S 1 Spot Welder which has capacity  
of from 30 gauge to 11 gauge metal  
with a depth of throat of 56 inches,  
but holding themselves ready to sup-  
ply the trade with specially con-  
structed devices at the lowest possible  
cost.

## AUTO LINES ON PACIFIC COAST

Other states have much to learn  
from California in the matter of mak-  
ing money out of automobile stage  
lines. It was in California that the  
jitney bus was first heard of and that  
state has reached a degree of effi-  
ciency in handling passenger travel by  
auto probably greater than any other  
state in the union.

The jitney bus business had its birth  
in Los Angeles. A street car company  
which ran a line to a certain suburb  
insisted on charging an extra fare  
when the line was extended a short  
distance to a new suburb. There was  
an immediate protest from the public,  
and automobile owners living in the  
vicinity showed their sympathy with  
the objectors by picking up passen-  
gers on the way to town, charging  
them only a nickel for the ride.

Traffic became so heavy, that hun-  
dreds of persons owning automobiles  
saw an opportunity for making a liv-  
ing and went into the business of car-  
rying passengers and all the street car  
lines in the city were paralleled by  
the jitney lines. Business conditions  
throughout the country were bad at  
the time, and the success of the jitney  
bus in Los Angeles was such that  
within a few weeks jitney bus lines  
had sprung up all over the west.

Much of the jitney bus activity  
proved to be a hushroom nature  
and disappeared quickly, but in many  
localities it was put on a sound busi-  
ness basis and continued to flourish.  
Its success greatly stimulated interest  
in the establishment of cross-country  
and interurban bus lines, and many  
routes of this nature are in operation  
in California.

## APPROVES THE STRICT QUARANTINE

Editor Standard: Ogden people  
owe a debt of gratitude to the gentle-  
man who have made the rules and  
regulations to safeguard the citizens  
during this plague, and, who stand  
for humanity.

During the second outbreak of in-  
fluenza in a camp in France, the  
strictest regulations were adhered to.  
One boy writes:

"We have experienced no end of  
discomfort in camp occasioned by the  
recent regulations, but we have begun  
to see results, to realize the wisdom  
of these rules."

Ogden can realize that, since our  
laws have been enforced, we have had  
a marked decrease in deaths and new  
cases.

A person who allows the evil, fear,  
to put him in a state of mental de-  
pression, who has made the rules and  
regulations to safeguard the citizens  
during this plague, and, who stand  
for humanity.

The quarantine against Salt Lake  
is the only safe thing, as many Ogden  
people contemplated trips to the Or-  
pheum, should Salt Lake open up first.  
Shopping expeditions would be num-  
erous.

Therefore, knowing what danger  
lurks in crowds, and, who know  
about the Xmas shopping crowds, the  
greatest care and precaution should  
be experienced as a means to bring  
more hopeful, and happy thoughts to  
our citizens.

Respectfully,  
MRS. E. KENNEY,  
2469 Van Buren.

## STILL RECEIVING QUESTIONNAIRES

According to information received at  
the Ogden city draft board, all men  
called in the last draft will be paid  
their wages from the date of call to  
the date of discharge, whether they  
actually were entrained for cantonments  
or not.

All registrants between the ages of  
18 and 36, inclusive, must return their  
questionnaires filled into the local of-  
fice at once. Registrants between the  
ages of 37 and 45 must send their  
questionnaires to the local office, either  
filled in or not, as suits their con-  
venience. Disobedience to these or-  
ders will result in offenders being  
classified as delinquents.

The humorous assertion was made  
by clerks of the office today that the  
latest government bulletin with regard  
to draft work would take three weeks  
to read and the orders contained will  
take three years to complete.

## Y. M. C. A. CONTINUES TO SERVE IN THE WAR ZONE

Rev. Christian R. Garver of the First  
Methodist church of this city is acting  
as a territorial personnel secretary for  
the Y. M. C. A. Mr. Garver's duties at  
the present time consist in coming to  
the aid of headquarters with regard to  
applicants for positions under the  
"Red Triangle" with advice as to the  
personal and other fitness of candi-  
dates from this district.

Mr. Garver announces that a mistak-  
en notion is abroad that, because the  
armistice is signed, the work of the  
"Red Triangle" must cease. This is  
not so, for not only for some consid-  
erable time will work be done with the  
American troops in occupation of Ger-  
man territory and during the period of  
demobilization on every front where  
they have fought, but in the camps at  
home also where they will take up  
training until the order for mustering  
out is issued, the well known activities  
of the Y. M. C. A. will find expres-  
sion.

More than that, says Mr. Garver, the  
Y. M. C. A., which was the only organi-  
zation ready for active service when  
war broke out in Europe, in August,  
1914, has so commended itself to the  
people of France, Italy and of Russia  
as well as to the United States and  
Britain and her colonies, that a widely  
diversified and comprehensive scheme  
is ready to be carried out and the fin-  
est kind of men, whose aim in life is  
to find a sphere where they can ex-  
press themselves mightily for the ben-  
efit of their fellows, will find rich op-  
portunities awaiting them in the Y. M.  
C. A. service.

Any person contemplating such ser-  
vice should get into touch with Mr. Gar-  
ver at once.

## LABOR LEADERS FROM SALT LAKE

W. H. Hayden, general organizer for  
the United Brethren of Carpenters and  
Joiners of America and President Harry  
Fox of the State Federation of Labor,  
went through Ogden this morning  
en route east.

While at the station, Mr. Hayden  
and Mr. Fox, who were unable to go  
into the city because of the ban, called  
Mr. Beckett, who is at the head of the  
local United States Employment agency,  
as well as president of the car-  
penter's union of the state, to see  
them for a few minutes during their  
stopover.

Both men have been in Salt Lake  
confering on some labor difficulties in  
that district.

## COMPLAINT FILED AGAINST SOLDIERS

H. H. Cardon, secret service agent  
of the Southern Pacific railroad, has  
filed complaint against Sergeant Gil-  
bert Ray and first class Private Mas-  
son J. Chapman, in the matter of the  
wounding of a colored porter, W. L.  
Jones, who was doing duty on train  
No. 20 on which the defendants were  
traveling to their homes, discharged  
from service in the United States  
army.

The soldiers say that they bought  
a quart of whiskey from the porter  
paying him \$10 and that while they  
were engaged in a card game Jones  
attempted to steal money from Chap-  
man, who, they say, was in possession  
of some \$500 or so and that Jones,  
who was not so intoxicated as not to  
know what was happening, struck the  
porter on the head with the whiskey  
bottle. On arrival at Ogden, the por-  
ter was conveyed to the Dee hospital  
and the soldiers taken to the police  
station. Later Jones attempted to es-  
cape from the hospital and ran down  
Twenty-fifth street as far as Adams  
avenue where he was caught and taken  
back for treatment.

Ray and Chapman stand charged  
with intent to commit murder and will  
appear before Judge Roberts, Tuesday  
afternoon at 2 o'clock.

## WOODEN SHIPS TO BE STOPPED

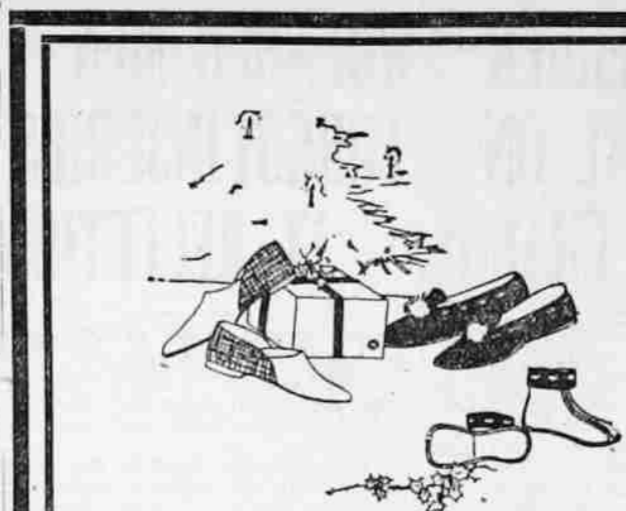

WASHINGTON, Dec. 11.—Cancell-  
ation of all outstanding contracts for  
construction of wooden ships where  
builders have not spent more than  
\$200,000 on a ship has been deter-  
mined upon by the shipping board.  
This applies to yards on the Atlantic,  
Gulf and Pacific coasts. Contracts  
for 160 ships of this type were sus-  
pended recently and many of these  
are affected by the decision though  
officials of the board would not at-  
tempt today to estimate the number.

## SIX TRANSPORTS WITH SOLDIERS

NEW YORK, Dec. 11.—Six trans-  
ports brought home to the United  
States today 8,840 more of the troops  
of the American expeditionary force.  
The Kroonland, Calamares, Adriatic,  
Ascanius and Tenadores docked in  
New York with 7,340 soldiers and the  
Canopic at Boston with 1,500.

All these men will go to camps be-  
fore being demobilized. The return-  
ing vessels brought also several hun-  
dred civilians from the war zones.

choice and prime 9.50@10.00; medium  
and good 8.50@9.50; culls 4.00@6.75.

## Chicago Quotations

CHICAGO, Dec. 11.—Firmness in the  
nearby deliveries and weakness in the  
government crop report tended to  
in the corn market. Commission hous-  
es with country connections were per-  
sistent sellers of May. On the other  
hand, cash interests bought January  
with considerable freedom. Opening  
quotations which ranged from 1/2c off  
to 1/2c advance, with January 1.31 1/2  
to 1.31 3/4 and May 1.29 1/2 to 1.30, were  
followed by moderate general setbacks,  
and then by rallies that for December  
and January reached well above yester-  
day's finish.

Oats had no independent action.  
Shipping demand was slow. After  
opening 1/2c off to shade up, with  
January 72c, the market sagged a  
little and later hardened somewhat.  
Immense movement of meat to the  
seaboard gave strength to the provi-  
sion market. Shipments during the  
last three days from Chicago have been  
more than twice as large as a year ago.  
Possibilities of a bullish showing in  
the government crop report tended  
subsequently to lift the market little.  
Prices closed firm, 1/4 to 1/2c net higher  
with January 1.31 1/2 to 1.32 and May  
1.30 1/2 to 1.30 3/4.

CHICAGO, Dec. 11—
